scrapped piece of paper has within it living organisms and beings eager and desirous of fulfilling their evolution and becoming perfected beings in some future scheme.

I have watched mankind use a piece of furniture or a piece of paper, and when the required need is over, discard it roughly and carelessly. How, think you, do the electrons within that item feel? Think you it is idly that Saint Germain has suggested that when such an article has served its purpose it be placed in the physical flame and the electrons freed to return to the sun? This is a universal teaching applying to all. I have seen a withered flower crushed and thrown carelessly into the garbage. How, think you, the beautiful electrons that made up that flower must feel - rather than the gratitude of the lifestream that enjoyed them freeing them through the flame into the universal. This refers to everything that serves mankind; not only people - but the very rugs beneath one's feet, the outworn shoe or the discarded note upon which a message has been transcribed.

Beloved ones, as you pass through the course of your daily outer world activities, if you would learn to be aware of these lovely, intelligent electrons that make up the atoms of life, and would help them on their course by love and gratitude and prayer, you would find your world so filled with the substance of God in money and supply that you would have to secure help to dispense your opulence. The electrons that form the material wealth of this universe love LOVE, and they will seek to be in the presence and the aura of one so loving. Remember the song: 'Oh, 'tis love and love alone the world is seeking.'

Blessings and Love,

MAHA CHOHAN

Beloved Children:

There is only one life that flows through every one of the ten billions of lifestreams belonging to the planet Earth. Every lifestream is a channel for the one life. There is no difference between the life that flows through each one any more than there is a difference between the water that flows through the faucets on the main floor or the second floor of a building. The Father of all Life and the Ascended Masters are constantly pouring their Peace, their Perfection, their Mercy and their Freedom through every lifestream, and there will not be one atom on this planet which will not achieve Perfection and Immortality. The Great God, Freedom (Saint Germain) has achieved this because His love was great enough to cause Him to stand before the Throne of God and demand the opportunity to save this Earth from dissolution. This boon was granted Him, and His answer was the gift of the Violet Transmuting Flame to mankind whereby they might cleanse and purify and redeem the electronic substance which they so boldly drew from the Heart of the Eternal and forced it to assume such shape and form as make the angels hide their faces in shame.

Beloved children, Life is beautiful. It is a magic, mystic thing because it is substance composed of the Body of God. It is a conscious emanation of the life of the individual pouring forth constantly into the atmosphere of Earth everywhere. It is the electronic energy of Love itself taking humbly whatever form is required of it by the user at the moment. The substance of My life is always

obedient to My conscious command whether it be to form a flower, a blade of grass, a sheaf of wheat, or at times for a loved chela even a dollar bill.

Now, the Qualities of God are also substance. When I say 'substance' I mean just this. When an Ascended Master answers your call for help, what does He do? He draws the essence from God's Heart which is a stream of electrons - these He projects toward you qualified with His consciousness. These electrons are actual substance which can be moulded into any form you require - into the answer to your prayer, into health, supply or illumination. Ask and ye shall receive. Your thoughts and feelings mould the substance of the electronic Body of God into any shape or form you require.

Let us use another simile. If a king has a son in a far country, his devotion to that son is great. From the king's heart he sends a trusted ambassador whom he bids to fulfill every requirement of the son. That is what the love of the Ascended Master does for the individual. The ambassador seeing the requirements of the king's son manifests love as his bodily comfort, his spiritual happiness, the culture and unfoldment of his spirit, which gifts are all expressions of the one Love. So also does the loving care of the Divine Beings who are the ambassadors of God, manifest the requirement of the moment to the supplicant as well as enfolding him in Their loving Presence. Verily, beloved ones, 'before they call I will answer, and while they are yet speaking, I will hear.'

Blessings and Love,

MAHA CHOHAN

Beloved Ones:

The sweetness of the opportunity of reaching the conscious minds of sincere and earnest hearts fills My Spirit with gratitude before the Heart of all Life, and I welcome the invitation which has issued from your own life energy by which I may enter your world and become a companion upon your pathway.

It is a beautiful experience for Us who have been so long denied entrance into the minds and feelings of the race whom We serve to see the doors of the individual consciousnesses open, pressed by the flame of love and service and held wide by the faith of the individual spirit which, now commanding the soul, shall rise in the mastery which God intended, and walk in full freedom in communion with the Perfected Beings giving service to the bound. We bring Freedom that you may dispense it. We bring Comfort that you may be a Comforting Presence, and in all ways and in all manner not only represent Us but embody Our Nature, for it is only through you that We may stand manifest to the world of men. From the time that the veil of maya closed the consciousness of mankind away from that realm of great perfection in which the Wise and Free abide the Law has required that the service which We would render must be conducted through the consciousness of those of you who stand above the masses - who 'are yet in the world but no longer a part of it'.
